"My number one eatery is **(1) MOE'S [ORIGINAL] BAR B QUE** in Lionshead. They serve traditional Southern Alabama-style barbecue and make the best mac and cheese, with really thick noodles. I always order a barbecue-chicken sandwich with white sauce and extra pickles, and, of course, a side of mac and cheese."

"One of our favorite places to play is the **(2) SANDBAR**. ... You can hear everything from hip-hop and funk to hard rock, jam bands, and bluegrass there. It's got a big dance floor, great food, and a beach/sports-bar vibe."

"On a cold night, gather your friends and order a liter of margaritas to share at **(3) MINTURN SALOON**. I love the Herradura Silver margarita for its unique flavor: smooth, a little sweet, and extremely refreshing. The Saloon also specializes in quail. ... Go for the three charbroiled quail with tortillas, rice, and beans, or for the steak and quail."
